

- TECHNICAL DATA SHEET -

**7776/A
PROTECTIVE GREASE**

DESCRIPTION

7776/A is a non-melting grease having a very good adhesion that do not allow the washing away by other chemical products, and by that the resin contamination. It is used for protecting mechanical parts of electrical devices on which the resin adhesion of some polyester resins (see the hereunder table) must be prevented. The main characteristics of the 7776/A protective grease are:

- Water repellence and resistance to the washing away;
- Very good adhesion to the different surfaces;
- Very good behaviour at high temperatures.

CHARACTERISTICS

Physical properties	
Appearance in the can	Thixotropic
Draining point	Non-melting
Specific Gravity at 25°C	900±50 gr./Lt.
Working temperature	-10 / +240°C.

Chemical resistances	
Water	Excellent
Salt water	Excellent
DOLPHON Series XL	Excellent
DOLPHON CC 1105 and all other DAP resins	Excellent

APPLICATION GUIDELINE

The grease 7776/A is suitable for the protection of mechanical parts when the impregnation is effected with polyester resins.

- Apply the grease on the parts that must be protected by means of a spatula or a brush, taking care of avoiding any contamination of the zones that on which the resin must adhere.
- Impregnate and cure the device in the oven according to the usual impregnation cycles.
- Clean the parts from the protective grease.

Warning: All the information and application instructions concerning this product are based on technical specifications that we consider reliable, and are provided by way of example, according to our application experience. They do not establish any guarantee but only represent a starting point subject to alterations, according to the application and the kind of material to be treated. Before the product's use the user must determine the suitability for the intended use undertaking all risks and responsibility for whatever may happen in connection with the application. The producer and/or seller will not be considered responsible for any accident, loss or damage (immediate or consequent) originating from the use and/or the inability to use the concerned product. Albesiano Sisa Vernici srl reserves the right to change or modify at any time and without any notice the technical specifications of the product described in this data sheet.
